LONG DISTANCE INFORMATION

Night and Sunday rates apply from 6:00 P. M. to 4:30 A. M. and all day Sunday.

Federal tax on calls under 25 cents is 15% of the total charge, and on calls over 25 cents the tax is 25% of the total charges.

There are two general classes of out-of-town (Long Distance) calls: namely Person-to-Person, and Station-to-Station.

A Person-to-Person call is one made to a particular person, for example: to Mr. John Doe, or the Shop Foreman, etc.

A Station-to-Station call is one made to a telephone number, residence, business, etc., for example: to telephone number 0000, Any Town, U. S. A., or to Mr. John Doe's residence, Any Town, U. S. A., or to John Doe & Co., etc.

The rate on a Station-to-Station Call is less than the rate on a Person-to-Person Call.

To Place a Station-to-Station Call:

Call the Long Distance Operator. Give the Operator the name of the City you are calling, the telephone number, the name of the residence, or the name of the business. Then give the Operator your name and number when she requests same.

To Place a Person-to-Person Call:

Call the Long Distance Operator. Give the Operator the name of the City and the name of the person you are calling. Then give the Operator your name and telephone number when she requests same.

Charges are quoted for the initial period, overtime and Federal Taxes. Further information may be obtained by calling the Long Distance Operator.

HOW TO USE THE DIAL

Before Dialing, Refer To Your Telephone Directory For The Number

IT IS NECESSARY

ON ALL CALLS, to remove the receiver CAREFULLY from the hook and LISTEN FOR THE DIAL TONE before starting to dial a number. If you "jiggle" the hook you will probably dial a wrong number.

THE DIAL TONE

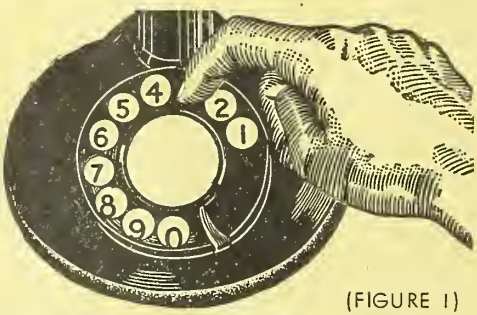
THE DIAL TONE is a constant "humming" or "buzzing" sound signifying that the line is READY FOR DIALING. This is the AUTOMATIC way of saying "NUMBER PLEASE."

DO NOT BEGIN TO DIAL

until you HEAR THE DIAL TONE. It will usually be heard immediately, or within a few seconds, after removing the receiver. If you do not hear the dial tone, hang up the receiver for a few seconds and then remove it again.

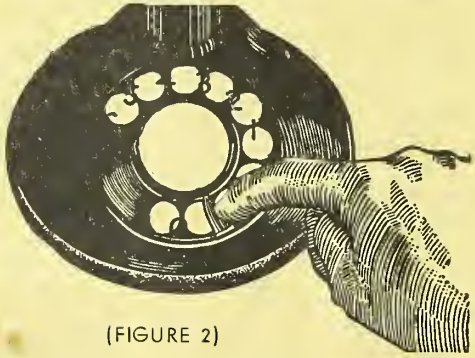
TO DIAL A NUMBER

SUPPOSE the number to be called is 3204. PROCEED as follows: LEAVE THE RECEIVER OFF THE HOOK and place the INDEX FINGER (never use a pencil or other instrument) in the opening in the DIAL over "3" as IN FIGURE 1.



(FIGURE 1)

Then TURN THE DIAL TO THE RIGHT until the finger STRIKES THE FINGER STOP as in Figure 2.



(FIGURE 2)

Then REMOVE THE FINGER and ALLOW THE DIAL TO RETURN to its NORMAL POSITION without HASTENING OR RETARDING same. Next pull the "2," then the "0" and then the "4".

ERRORS

If an ERROR is MADE, NEVER ATTEMPT TO CORRECT same; HANG UP and try again in a few seconds.

THE BUSY TONE

When the LAST FIGURE of the number CALLED has been DIALED and THIS NUMBER is "BUSY," a rapidly interrupted "buzz-buzz-buzz" sound, or tone, will be heard, which is called the "BUSY TONE." This is the AUTOMATIC way of saying "THE LINE IS BUSY." DO NOT WAIT but HANG UP THE RECEIVER and try again later.

THE RINGING TONE

After the LAST FIGURE in the number called has been DIALED and the NUMBER CALLED is "NOT BUSY," a "purring" sound will be heard intermittently, indicating that YOU ARE RINGING the CALLED NUMBER every few seconds until the CALLED PARTY ANSWERS or until your own RECEIVER IS REPLACED on the HOOK. This is called the "RINGING TONE."

TO RECALL

After ONE conversation has been completed and ANOTHER CALL is to be made, HANG UP THE RECEIVER for two seconds and THEN PROCEED as with any call.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

THE FIRST THREE FIGURES of a four digit number, or the first four figures of a five digit number on the same line are identical. ONLY the LAST FIGURE IS DIFFERENT.

If the LAST FIGURE of the TELEPHONE NUMBER DESIRED AND THE LAST FIGURE OF YOUR OWN NUMBER IS either a 1, 2, 3, 4, or 5, AND ALL OF THE PRECEDING FIGURES ARE IDENTICAL, you will know that this telephone is ON YOUR OWN LINE. THE SAME IS TRUE if the last figure of the TELEPHONE NUMBER DESIRED AND THE LAST FIGURE OF YOUR OWN NUMBER is either a 6, 7, 8, 9, or 0. AND THE PRECEDING FIGURES ARE IDENTICAL.

FOR EXAMPLE

9081 IS ON THE SAME LINE WITH 9082, 9083, 9084 and 9085; likewise 9086 IS ON THE SAME LINE WITH 9087, 9088, 9089, and 9080; likewise 24991 is on the same line with 24992, 24993, etc.

Kannapolis, N. C.

How to Use the Dial—cont'd

TO DIAL ON YOUR PARTY LINE

TO CALL A TELEPHONE ON YOUR OWN LINE, DO NOT ATTEMPT TO DIAL THE DIRECTORY NUMBER, BUT instead DIAL "19," then the LAST FIGURE OF YOUR NUMBER AND THE LAST FIGURE OF THE PARTY YOU WANT TO CALL. HANG UP YOUR RECEIVER, and the bell of your telephone, as well as the bell of the called station, will ring at short intervals. When the called party takes down the receiver to answer the call, your telephone will cease ringing. You should then take down the receiver and talk with the called party. If the called party does not answer within a reasonable length of time, lift the receiver off the hook for a few seconds and replace it. This stops the ringing and leaves the line free for another connection.

FOR EXAMPLE

SUPPOSE YOUR NUMBER is 9084 and you want to call number 9081. DIAL "19," THEN the LAST FIGURE IN YOUR OWN telephone NUMBER "4," THEN THE LAST FIGURE in the NUMBER YOU WANT to call which is "1."

IF IN DOUBT

DIAL INFORMATION "13."

TO CALL A COUNTY OR RURAL NUMBER

TO CALL A COUNTY OR RURAL NUMBER—DIAL "15," and when the "COUNTY" OPERATOR answers ASK for the NUMBER as it is LISTED IN THE TELEPHONE DIRECTORY.

CHINA GROVE—DIAL "12."
LONG DISTANCE—DIAL "0."
INFORMATION—DIAL "13."
REPAIR CLERK—DIAL "14."
"COUNTY OPERATOR—DIAL "15."

For the Telephone Number or Address of the Nearest FEDERAL BUREAU OF INVESTIGATION OFFICE Dial "13."

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.

No equipment owned by, or furnished by, the Telephone Company shall be moved, changed, repaired, or removed except by an authorized representative of the Telephone Company, who shall have the right to enter the subscriber's premises for the installations, change, repair, or the removal of any and all equipment owned by the Telephone Company on these premises without trespassing or liability in any form.

For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour.

No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof, when such defacement or damage is not the result of negligence on the part of the Company or its employees.

The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.

When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In establishing connections with the lines of other Companies, the Telephone Company will not be responsible or liable for any action of the connecting company.

The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.

In order to render and maintain satisfactory telephone service, it is necessary for the Telephone Company to own and maintain all equipment and attachments which are in any way connected with or attached to the telephone system. No line, instrument, equipment, or attachments, of any nature that is not owned, or supplied, by the Telephone Company may be in any way connected with or attached to the telephone line, equipment, or system. The Telephone Company reserves the right to remove all such instruments, apparatus, or advertising and to suspend, or disconnect service without any claim on the part of the subscriber.

The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office, and the telephone company may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.

When party line service is furnished, the telephone company may, in consideration of the rate at which service is furnished, establish and furnish

Rules and Regulations Applying to All Subscribers' Contracts — Cont'd.

service to one other subscriber in the case of two-party line service, and other subscribers in the case of multi-party line service. The Telephone Company reserves the right to cancel any two-party line or multi-party line contract, upon thirty days' notice, whenever in the judgement of the Company, the use by the subscriber holding such contract is such, from large use or other causes as to interfere with the reasonable use of others connected with the same line.

All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each telephone instrument or piece of apparatus injured or destroyed otherwise than by unavoidable accident.

The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.

The subscriber shall pay monthly in advance, or on demand, all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's station, and for toll messages received at the subscriber's station on which the charges have been reversed with the consent of the person called.

In the event of the abandonment of the station, the non-payment of any sum due, toll or other services, the use of foul or profane language, the impersonation of any other person, listening in on a party-line conversation, or any violation of the Company's regulations by the subscriber the Company may, without notice, either:

(a) Suspend service until all violations have ceased, or

(b) Terminate the subscriber's contract without suspension of service, or

(c) Following a suspension of service, sever the connection and remove any of its equipment from the subscriber's premises.

Should service be suspended for non-payment of charges, restoration of service will be made only as prescribed under "Restoration of Service."

When instruments have been removed for non-payment, the contract is considered to have been terminated. Reinstallation of service may be made only upon the execution of a new contract.

In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments.

The Telephone Company assumes no liability in any form for errors, omissions, delivery, etc., which may occur in connection with the telephone directory.

No additional cover, binder, holder, etc., except as supplied by the Telephone Company shall be used in connection with any telephone directory. The telephone directory shall remain the property of the Telephone Company at all times.

Stationery, Cards, Signs, and other printing including telephone numbers should be in limited quantities, as due to growth, equipment change, etc., the Telephone Company may find it necessary to change telephone numbers.

Make It Easy for the Buyer to Find You

The buyer picks the line of least resistance.
Have your message properly displayed in the

Telephone Directory

Put the

TELEPHONE BOOK

on Your

SALES FORCE

"It Carries Your Sales Talk Inside and Keeps It There"

Your Complete Buyers' Guide

The quickest, easiest way to find out "who sells it" or who will do the job is to turn to the Yellow Pages in the back of this directory.

Consult the Yellow Pages to find out —

Who sell goods you want to buy.

Who render services you may need.

Who handle "trade-mark" products.

The Yellow Pages list every business and professional telephone. They're a handy meeting place for buyer and dealer.

LOOK IN THE YELLOW PAGES WHEN YOU WANT TO BUY

Classified Directory

KANNAPOLIS – CHINA GROVE

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. Additional listings under other classifications may be obtained for a nominal charge by making application therefor, to the Company in advance.

All subscribers (both residence and business) are listed alphabetically on the preceding white pages. The following pages (yellow) list only those who pay a business rate.

Need a mailing service? The easiest way to solve a "sticky" problem is to look in the Classified Section of the Telephone Directory. Whatever or whomever you need—antiques, buttons, carpenters, or dentist, they're all conveniently listed with name, address, telephone number. Make it a habit to look in the Yellow Pages.

The "Spirit of Service" is a tradition in the telephone business—a powerful force throughout the entire organization. It helps all employees realize how much telephone service means to everyone—how important it is to get every message through quickly. It inspires telephone workers in all kinds of jobs to devote themselves to making service satisfactory and pleasing to you in every way.

Distance, once a barrier to spoken words, has lost its power to limit the human voice. Today words defy intervening miles, and two friends with an ocean or continent between them talk as if face to face. In thus extending the range of man's voice, the telephone performs a modern miracle. It is part of the miracle that this is done so swiftly, so easily and so cheaply.
